

Cepheus-Tech Ltd.

Short Company Presentation

www.cepheus.co.il

About Us

We are Focused On Your Success

Cepheus-Tech Ltd. is a premium provider of Turn-Key solutions or “one off” consulting for multidisciplinary development and delivery of products over a wide range of industrial sectors.

We are offering end-to-end, state-of-the-art services, starting from the basic concept of a product thru the entire development process, transfer to production, tooling, assembly lines and actual product delivery.

World class expertise, end-to-end service and solutions – all the way, all the time, every where

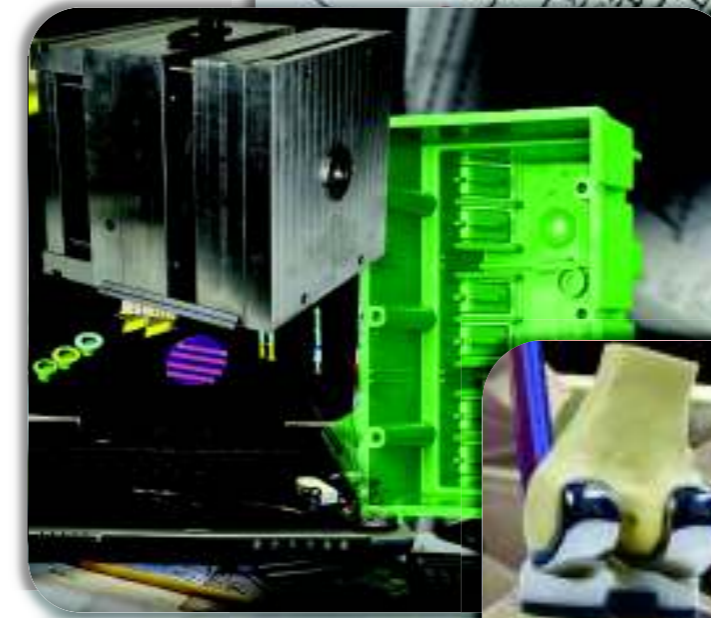

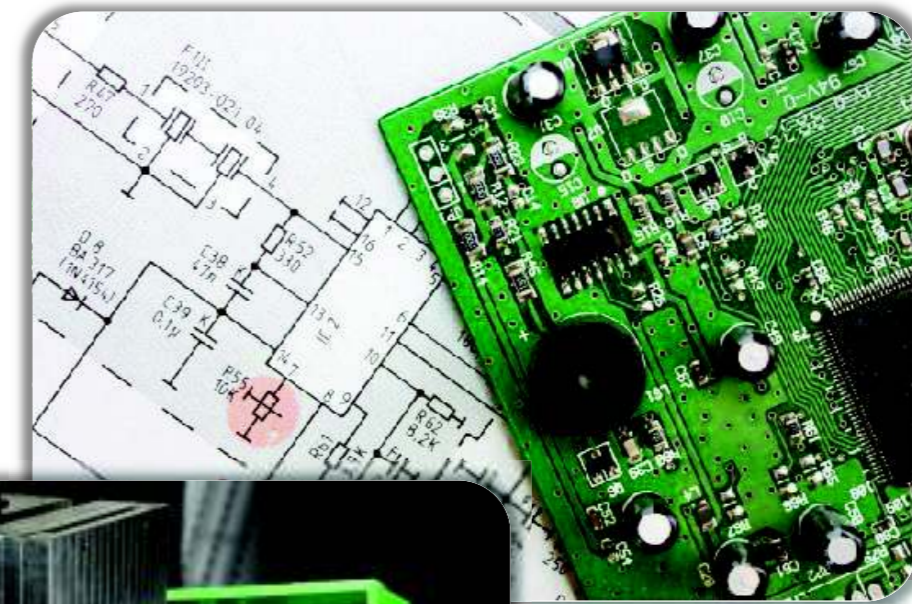

Our Services

Cepheus-Tech Ltd. provides

- » R&D (Multidisciplinary Solutions)
- » Mechanics, Electronics and Industrial Engineering
- » Transfer To Production Services
- » Production Tools (molds, jigs & fixtures, assembly and inspection devices)
- » Production line establishment
- » Consulting & Engineering Services
- » Projects Management and Monitoring
- » Costs Reduction
- » Sourcing
- » Large range of variant production technologies
- » OEM Products

Our services are characterized with Time-To-Market orientation, High Quality standards and Cost Oriented solutions

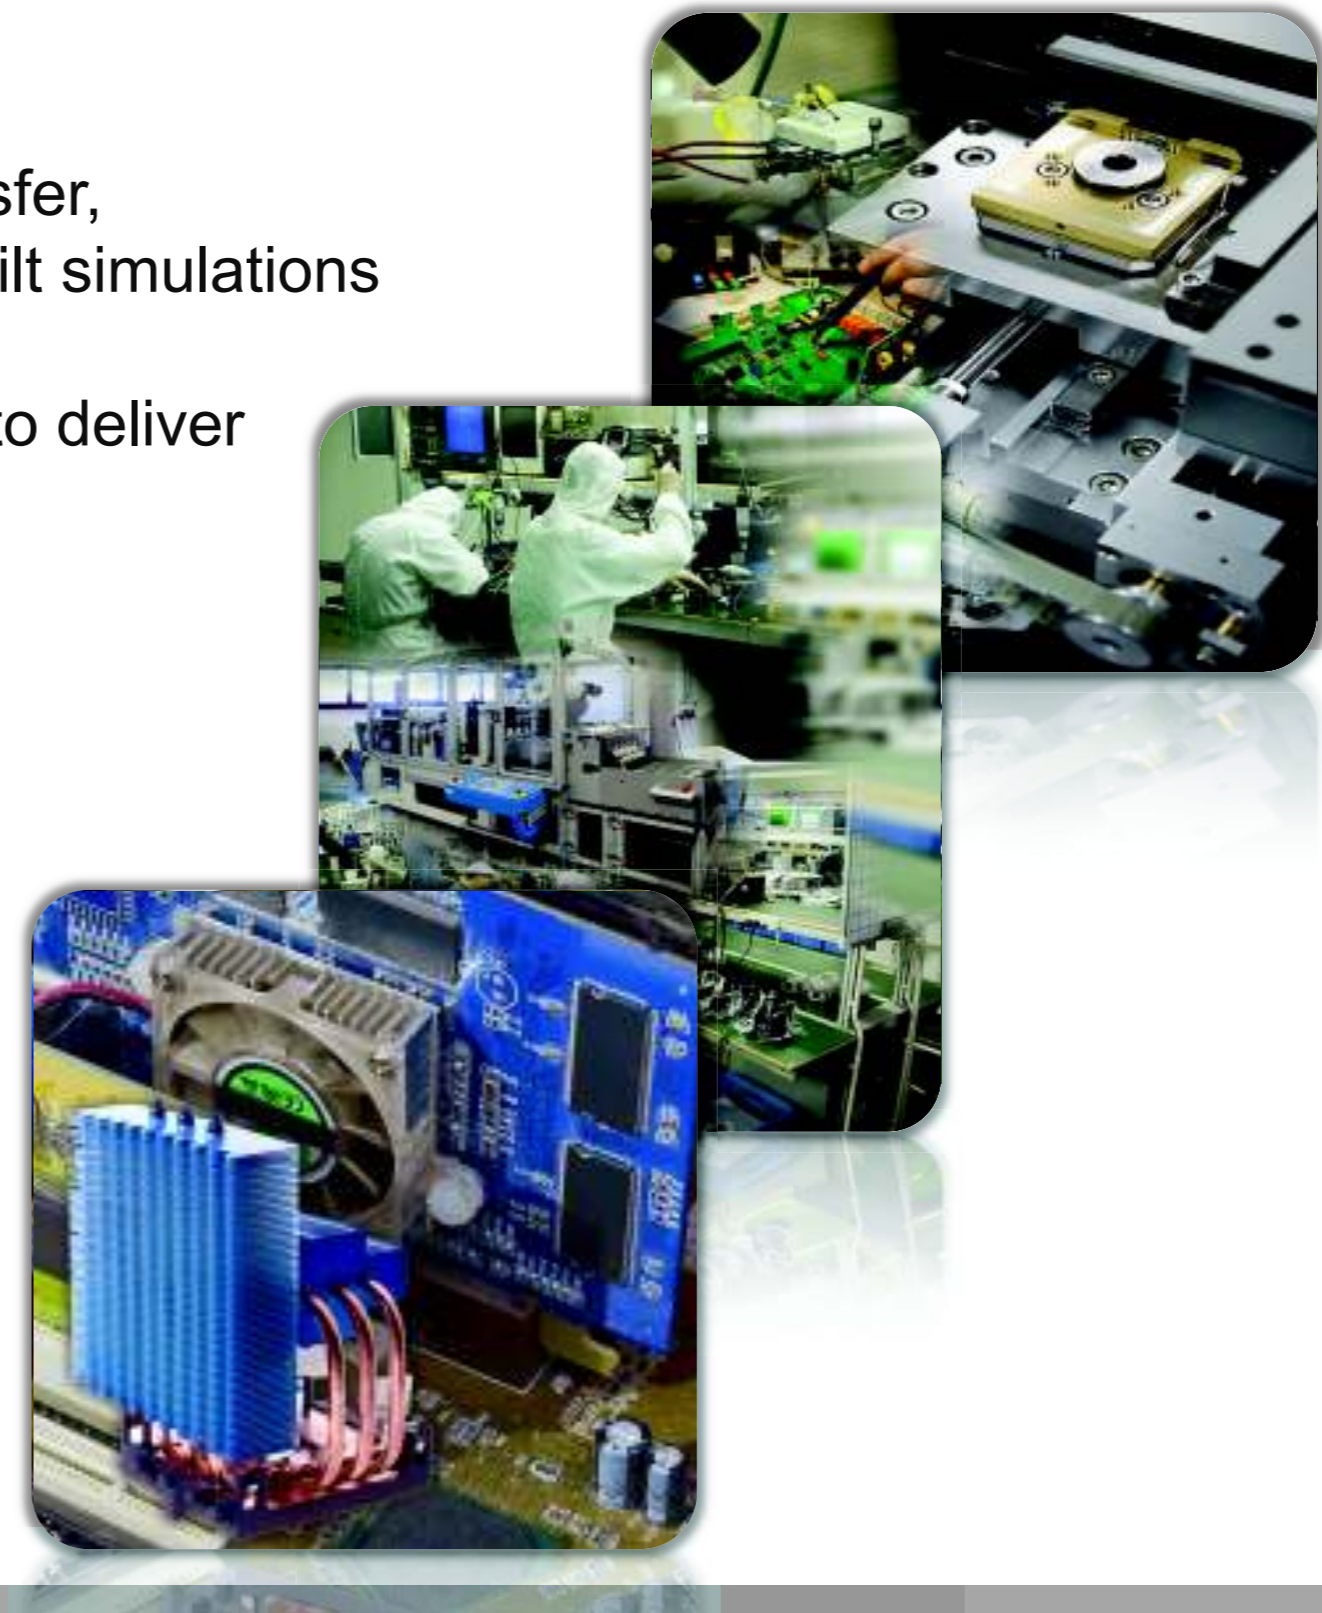

Turn Key Solutions & Products

Our Services

Tools we can offer

- » R&D; Experimental test rig design and construction in Heat transfer, Energy. Data acquisition, FE analysis (ANSYS CFD), custom built simulations
- » Prototype manufacture (well equipped workshop for those hard to deliver “one offs” in metal and plastic)
- » Mechanical Drafting; 3D Solid Modeling
- » Software Developing
- » Real Time: Firmware and Embedded
- » Process Engineering; scale up, simulations
- » PCB Design, Artwork, Manufacturing and Assembly

Cepheus-Tech Team

The People at Cepheus-Tech Ltd.

Cepheus-Tech Team

- » Each of Cepheus-Tech managers have at list 15-20 years of experience in the fields of product development, production, logistics and business
- » **Over 10 top-notch engineers** in the fields of Mechanics, Electronic, Control, Plastic, Heat Transfer, Applied thermodynamics, Energy, Cleantech, Medical and Industrial Mgt.
- » Cepheus-Tech members have good world wide connections that enable us to get faster and better solutions for our clients
- » Complex multidisciplinary projects management, comprising varied technologies
- » Establishment of production sites (Israel, USA, China)

Partners

Cepheus-Tech works closely with professional partners from all product's related fields (Industrial Designers, Technological Consultants, Manufacturers etc.), all are the best in their fields and willing to participate in Cepheus-Tech Ltd. Projects.

Our people make the difference!

ISO 9001 : 2008 certified

Cepheus-Tech is ISO 9001 : 2008 Certified

Certification:

Development, Engineering Solutions and Transfer To Production Services, In the Area of Electro-Mechanical Products.

Benefits: Enhanced customer satisfaction

- » Creates a more Efficient and Effective Operation
- » improve quality
- » Reduces Audits
- » Reduces waste and Increases Productivity
- » Common tool for standardization
- » Cost savings

Clients

Customers

Among our satisfied clients: Medical Products, Toys and Home Appliance Products, Semi-Conductors, Military, Manufacturers and OEM.

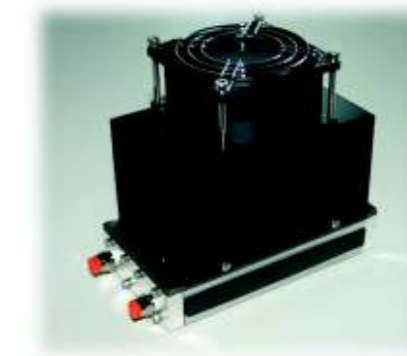

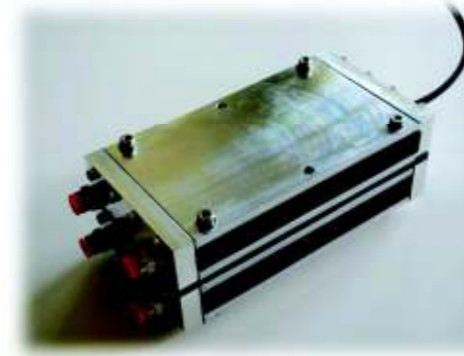

Cepheus-Tech Engineering Solutions

Representations and agencies

Thermal Solutions - ATD

Offering a range of standard thermoelectric chiller subassemblies designed for efficient cooling, heating or precise temperature control of air, fluids and solid surfaces.

Cepheus-Tech Location's

Cepheus-Tech Ltd. Provides world wide services

Cepheus-Tech Ltd. Head quarter: Binyamina, Israel

About 170 square meters (R&D and Engineering offices as well as well equipped **assembly room and Lab**) in the Industrial area (close by “Hermon Labs”).

Our Infrastructure and facilities enables us to provide the best services for our clients.

Production in the Far East

We have two rep. offices in **China (Shenzhen and Shanghai)**, enables us to work closely and directly with Chinese manufacturers and the Chinese market.

Our China rep. office services include:

- » Production site establishment
- » Tools and Parts manufacturing
- » Sourcing Services
- » Cost Reductions Services

Why Choose Us

Utilizing our engineering abilities for your benefit

Our team will enable:

- » Reduce your management overhead
- » Reduce total product cost
- » Keep your time schedule
- » Simplified your manufacturability logistic

Characterization of our Services:

- » Multi Disciplinary Solutions
- » Fast Response, Efficiency and Dedication
- » Flexibility and Costumer Oriented
- » High Level Performances
- » Innovative approach

We are fully Committed to your success!
